June 15, 2004

During the May 17, 2004 Land Use, Land Management, and Aesthetics Work Group meeting, participants agreed to cancel the tentatively scheduled June 21, 2004 work group meeting associated with relicensing the Oroville Facilities (Federal Energy Regulatory Commission Project No. 2100). The next scheduled work group meeting will be July 26, 2004, from 6 p.m. to 10 p.m., at a location to be determined.

Deferral of the Land Use, Land Management, and Aesthetics Work Group business until July will allow participants time to review completed final study reports available at the end of June and provide comments at the next work group meeting.

We are also posting this information on our Oroville Facilities Relicensing web site, <http://OrovilleRelicensing.water.ca.gov>. Please visit our web site for additional information on the Oroville Facilities Relicensing Program and related meetings.
